## DAY UNITS

With the furniture of the new Maui line, the beauty of nature scenographically enters into the living space. Two important handles in the shape of a monstera leaves, realized in metal fusion with golden finish, are the distinguishing feature of bar cabinet. In a game of contrasts between colors and materials, the linearity of the external surface with a glossy lacquered finish hides an unexpected interior, which exploits the vividness of the colors and prints of the collection. The contemporary design of the furniture is perfect for enhancing the urban-chic charm of contemporary environments.
